GERMANY WILL PROCLAIM NEW REPUBLIC ON THE RHINE

BERLIN, May 28, May 29.—A Rhinish republic will be proclaimed at Aix la Chapelle and Wiesbaden tomorrow, according to leaders of the movement.

The German cabinet issued a proclamation today giving a warning that such an act would be treason and the penalties were cited.

The Independent Socialists and the political party of the right nearly came to blows while making counter charges of responsibility for the secession movement in the Prussian assembly.

AGED PEOPLE MARRY.

Harris Nymas, aged 63, and Clara H. Vley, aged 50, were granted license to wed by the county clerk of San Francisco yesterday.

SUPERVISORS MAKE FINAL PLANS FOR CALLING BONDING ELECTION FOR NEW HIGHWAYS

At the executive meeting of the Board of Supervisors held in Martinez for the purpose of making final plans for the bonding election in accordance with the determination of the mass meeting held in Martinez on Saturday last, a complete and official report of all the roads in the county which are to be improved of the bond issue is carried, which unquestionably it will be, was announced. The roads are practically the same as those outlined and endorsed by the mass

CONVENTION OF W. C. T. U. HAS CLOSED WORK

The county convention of the W. C. T. U., which convened in Danville Tuesday morning, terminated its session yesterday evening, having completed its work. The delegates from this city were Mrs. Clara Wilson, county president, Mrs. Paul Dunlap, county treasurer, and Mrs. W. A. Walker.

The convention was held in the Presbyterian church of Danville, this being the regular meeting place of the Danville W. C. T. U., of which Mrs. Florence Steinmetz is the president. Mrs. Wilson called the county body to order and delivered her address in the afternoon of the opening day.

Yesterday's program began with devotional services at 9 a. m., and other business was attended to. Mrs. Wilson again presiding. The various committees reported and election of officers was held. In the afternoon devotional services were held, a talk on the Jubilee drive given and other speeches, and the Star Spangled Banner. An address by Mrs. Sara J. Dorr, the state president closed the convention last night.

MEMORIAL DAY OBSERVANCE BIG EVENT TOMORROW PARADE AND CEREMONIES AT CEMETERY WILL BE CHIEF FEATURES

Solemn observance will be held in this city on Memorial Day, and the occasion will be featured by the bringing together of the entire population of the city in a gigantic parade through the principal streets of the city, and thence to Sunset View cemetery, where ceremonies and services will be held in tribute to those who have passed away in the service of our country and from natural causes. Everybody will turn out tomorrow to pay tribute to the brave soldiers and sailors who gave their lives for their country in the various wars engaged in since America declared her independence. The school children, the business men and women and many of those who are working in the various factories will be on hand to lend their support to the weight of numbers.

For the most part there will be a general holiday tomorrow. There are some of the establishments that cannot close up entirely, but the banks will be closed and the most of the business houses. Factories will give their employees leave of absence as far as possible, retaining a small force to keep things moving. It will be the greatest

day ever held in the history of the city, and the general program and line of parade is as follows:

There will be a parade formed at Washington School, Point Richmond. The two divisions will join forces at First street.

The parade will move from Washington school promptly at 9:30 a. m. along the route of march to the foot of Washington avenue, where they will break ranks and take conveyances to First and Macdonald avenues.

There will be several divisions in the parade.

The first division will be led by a squad of Richmond police, followed by Richmond Municipal Band, Irish American War Veterans, World War Veterans, the Richmond Home Guards, and will be known as the Military Division.

The second division, led by City Council, executive committee of the Chamber of Commerce, executive committee of Richmond Chapter, Red Cross, executive committee of Business Men's Association. Third division will be the Division of Honor. It will be composed of the ladies of the Rich-

mond Chapter Red Cross, and all lady organizations of this city.

The Fourth Division will be composed of all the fraternal societies of Richmond.

Fifth Division, Richmond High School cadets and boy scouts. This division will be composed entirely of the Richmond public school children.

The Sixth Division will be composed of the Labor Council and respective labor organizations of this city, Contra Costa county trades and affiliated organizations and Labor Council and organizations.

The Seventh Division will be all persons from allied nations and American citizens of our community.

The parade will be formed on side streets off of Macdonald avenue. Commencing at First street, it will form as follows:

First Division, right of First, off Macdonald avenue; second division, left of First, off Macdonald avenue; Third division, right on Second, off Macdonald avenue; Fourth division, left on Second street, off Macdonald avenue; Fifth division, right on Third street, off Macdonald avenue; Sixth division, left on Third, off Macdonald avenue; Seventh division,

right on Fourth, off Macdonald avenue.

The parade from there will move promptly upon the joining of the two divisions at about 10 o'clock. Line of March will be from First street to Sixteenth street along Macdonald avenue, where it will break ranks, and all who can are earnestly requested to go to the cemetery. Street cars will be waiting at Sixteenth street. At the cemetery there will be exercises consisting of:

Band selections.
Invocation by Reverend D. W. Calfee.

Vocal music.
Ritualistic services by G. A. R.

Spanish War Veterans.
Ladies of the G. A. R. and Ladies Auxiliary of U. S. W. V.

Reading by Mrs. Jarvis.
Recitation by J. N. Long.

Short addresses will be given by Sergeant Ross Calfee and D. J. Hall.

Firing Salutes to the dead by Spanish War Veterans, after which "Taps" will be sounded, followed by decorating the graves of our dead with flowers.

Music for the day will be furnished by the Municipal band.

CHANNEL BILL IS SIGNED BY GOVERNOR OF THE STATE

The long battle for the improvement of the Martinez-Antioch channel of the river ended at Sacramento yesterday when Governor William D. Stephens affixed his signature to Senate Bill No. 267, which makes available the sum of \$44,500 for deepening and widening the channel.

No measure of more importance to Contra Costa county has been passed by the legislature in many years. And the importance of the bill is not by any means limited to this county, as it will provide a deep water connection for the Sacramento and San Joaquin rivers, thus giving Sacramento, Stockton and other inland cities a direct connection with ocean commerce.

The state appropriation makes available a similar amount appropriated by the Federal government, contingent upon the state action. The Federal bill was put through Congress by Hon. Charles J. Curry, representing this district in the House.

In support of the state measure, Senator Sharkey was backed by Assemblyman W. E. O'Connell and the Chairman of Committee of Maritime, Pittsburg, Antioch, Stockton, Sacramento and San Francisco, and by the commercial and manufacturing interests throughout the water-front and bay region. For days past the office of the governor has been flooded with telegrams petitioning his favorable consideration of the measure.

RAYMOND JOHNSON BRANDS STORY FALSE

Raymond Johnson declared last night to the Record-Herald that he is still a benedict, despite the fact that a local paper stated last night that he was married last Sunday in Stockton to Miss Mildred Glazier, daughter of Mr. and Mrs. M. Glazier, of 231 Fourth street. Johnson branded the story as utterly false, and said while it was doubtless intended as a joke by somebody giving the newspaper the information, it was anything but a joke to him.

Today, Johnson has secured a leave of absence from the Santa Fe shops, where he works, and is in pursuit of the parties who started the yarn. He is mad clear through and intends to make a horrible example of all practical jokers. He has been a resident of this city for a long time, but is temporarily residing in Oakland, having made that city his home since being discharged from the army.

LIGHTED CIGAR STUB CAUSES FIRE ALARM

Carelessness of a roomer at 108 Washington avenue last night in throwing a cigar stub among inflammable material in the rear of the building, causing an alarm of fire to be sent in last night at 9:30 o'clock, which was immediately responded to by companies one and two.

Prompt work on the part of the firemen saved that portion of the city from a disastrous blaze, for all the buildings surrounding are wooden affairs. All the roomers in the building fled to the streets and gave the firemen ample opportunity to fight the blaze. The damage to the structure was but slight.

JOKERS RELEASED FROM MESHES OF THE COURTS

All is well that ends well. The hero married the beautiful heroine, and they lived happy ever after. And what is more to the point the villains are happy, too, as matters have turned out, and they solemnly promise never, never to do it again.

Thus ends the incident of the abducted bride, her rescue, the subsequent capture of her abductors and their resolve to return and lead a better life, for Mr. and Mrs. Clarence Cain have wired the courts in this city that they have no desire to further punish the practical jokers, Messrs. Schrader and Cog, and they are therefore released from the meshes of the law. The young couple are enjoying their honeymoon at Santa Cruz, and when they return they are expected to take up their residence in this city.

The young men arrested on a charge of abduction were really victims of a practical joke which the young married people, aided and abetted by some of the older heads of the family, neatly turned them worried for a time, especially when Judge Odell told them of the heinousness of the offense of abduction.

ENEMY FILES TREATY REPLY TO TERMS LAID DOWN BY ALLIES

Germany today made formal reply to the treaty terms presented to her on May 7th. The German counter proposal appears to take issue with the allies on nearly all the important phases of the treaty, according to published summaries. Immediately after the presentation of Germany's reply, Count von Brockdorff-Rantzau, chief of the enemy peace mission, will leave Paris for Spa. Several minor members of the German mission left Paris for Germany yesterday.

A plenary session of the peace conference will be held today to communicate to the nations which broke relations with Austria and Austria peace terms. There is as yet some doubt as to the subject matter of the terms, reports indicating that the reparations clauses will be presented at a later meeting.

The Vatican is represented officially at Paris for the first time since the peace conference began work. Monsignor Corbelli, papal undersecretary of state, being in the city to discuss with entente chiefs the status of Catholic missions in lands affected by the deliberations of the conference. It is improbable, it is said, that he will be received officially by the conference, because of the clause in the treaty of London, between Great Britain, France and Italy, which barred the Vatican from participation in discussions regarding questions connected with the war.

A statement has been issued by Nikolai Lenin, the Bolshevik premier of Russia, attacking Bela Kun, chief of the soviet in Hungary, according to a London dispatch. The statement is said to assert that Moscow is the center of the world revolution and must be obeyed.

American troops are apparently to be immediately withdrawn from Northern Russia, transports having arrived at Archangel with British forces which will relieve the men who have been holding the lines during the last winter.

CLUB ADJOURNS FOR THE SUMMER SESSION

The South Richmond Improvement club is taking its summer vacation, and the organization will not meet again until the people are all home from their summer vacation at the end of two months. The first of August the regular club sessions will be resumed. The first after vacation meeting will take place at the home of Mrs. G. Walker, 141 South Fourteenth street.

Such was the determination of the club at the meeting held yesterday afternoon at W. O. W. hall in the Pillow building.

A very good attendance was enjoyed at the white party yesterday afternoon. Prizes were won by Mrs. J. Leland, Mrs. C. H. Blake, Mrs. George Edwards, Jr., and the consolation by Mrs. O. A. Ripley. A short business session was held after the cards, and the final business of the club attended to before adjourning for the summer season.

COLONEL BARROWS' LECTURE INTERESTED

Lieutenant Colonel David F. Barrows delivered his lecture relating to his experiences in Siberia as an American officer before a large audience at Lincoln auditorium last night.

The speaker has been in the Orient for a number of years, but the most of the time he was on a government mission in the Philippine Islands. However, at the outbreak of the war with Germany, he was sent to Siberia with the first United States forces, and remained there until the close of hostilities. He warns this country of dealing leniently with the Bolshevik movement, and tells the people here that it is this element that must be feared above all others in the world today.

The lecture was delivered under the auspices of the University Extension division.

RETURNED TO RICHMOND.

W. H. Wood, who accepted a position some weeks ago from a Napa Valley ranch owner to manage his farm, will return to this city to reside. He arrived in town last night, and as soon as possible will remove his family here.

Mr. Wood has arranged for special cars to start from East Shore Park for the purpose of taking people back to Richmond without making them wait for cars coming from Oakland. This assures every one of comfort on their way home without being forced to travel in crowded cars.

BALLET WILL BE FEATURE OF BIG BALL SATURDAY EVENING NEXT

Rehearsals have been going on for several weeks in preparation for the ballet performance to be put on between the regular dance program by Miss Carrie Ellsworth and twenty-one of the most talented children dancers in the East Bay district. This special feature will be of great interest to those who will attend the ball, but who themselves do not enjoy dancing. A special place will be set aside in the balcony for spectators who do not care to remain on the ground floor among the dancers.

Henrich's orchestra have obtained special music to be used at the ball, some of it has never been played here before. This too, will add special interest to the affair. Dancing will be kept up until one o'clock, and the street

A Checking Account Establishes Credit

Everything else being equal the man who carries a checking account can secure credit from his bank in preference to the man who does not.

A checking account is a recommendation for careful business methods—it means the man who carries such an account is not only careful in handling his financial affairs, but is carrying a checking account and establishing himself as a careful business man. If not, then start now, for no telling when that kind of a recommendation may secure for you favor when most needed.

JUSTICE FOR THE MEN

The editor of the Oakland Post cherishes with much glee because he believes the day of justice for men is at length dawning. A widow is forced to defend herself in court against a claim for breach of promise damages! The editorial writer concludes that if the fair one is compelled to pay for the heartache caused by her change of mind, hope will spring up and sprout in the breasts of millions of masculine lovers all over the world.

With such a court precedent established it will be fit and proper for the male who ever to carry a little dictaphone about with him. Then when the lady of his dreams whispers sweet nothings in his ear and glides, with words of gold, the phantom house that they are to occupy after the "I promise to obey" words have been spoken, the cautious Loch-Invar can feel safe in boasting of his engagement.

He can always produce the dictaphone record of the mushy conversation in the moonlight, if a hand-somer individual turns his loved one's head.

The case that has made the world seem bright to all men of marriageable age has just been filed in the Superior court of Alameda county. A building contractor of Oakland—John Moore by name—asks that the charming Mary E. Blanks be compelled to pay him \$10,000 as heart balm.

Mrs. Blanks is described as being not only a pretty widow but a prosperous one as well, having property worth \$100,000.

"When she refused to carry out her promise to marry me," says the wailing wooer, "the world turned black and I became a heart-broken man."

And the gentleman modestly asks for only \$10,000 to make him forget his terrible disappointment.

If he gets away with it, he will have the thanks of the down-trodden sex.

Men everywhere will breathe easier, once it is established in court that that a lady may not lightly promise bliss without serious intentions.

Wise men learned long ago to whisper their words of love where witnesses could not hear them, and only the foolish ones put everything they knew on paper.

Now the fair ones likewise will have to be cautious.

PAYING WAR DAMAGES.

Figuring out the equities of the matter of war damages appears to be altogether an affair of viewpoint, as will be seen from the demands of the Germans on the allied governments of a counter-claim of over two and a half billion dollars. This claim is for the damages suffered by the Germans on account of the allied blockade and other things in the course of the war, according to the dispatches. It is argued by the Germans that nearly a million deaths were prevented as a direct result of the food blockade upon the vitality of the women. The same reason, it is contended, increased the deaths approximately 800,000. Lack of milk for young children, absence of rubber and cotton for hospital use and interruption of supplies of quinine, camphor and other medicines were further factors in the losses, according to the German argument.

Should the Germans open the door of inquiry, the allies are prepared to reply effectively to some

once to the far greater decrease of births and increase of deaths in France, Belgium, Poland, Roumania and Serbia as a direct result of the German war measures.

The allies possess the German official figures showing that the milk production in Germany during the war was never below 45 per cent of the normal production, which would be sufficient to have maintained the children; had they received it.

The failure of German cities to receive more than 10 or 15 per cent of the normal milk supplies was (through no fault of the blockade, it is pointed out, but was due to the German system of distribution. Lack of rubber and cotton for hospitals, likewise, represented the active choice of the German authorities, who devoted to military and other purposes imports of rubber and cotton considerably in excess of the hospital requirements.

The same argumentation will be applied to the scarcity of synthetic drugs, due to the conversion of German chemical plants to war purposes.

The people of Richmond are pretty generally paying their telephone bills under protest, which is the proper thing to do. The matter of the arbitrary rates fixed by the postmaster general is in the courts, and a decision will be arrived at in due time. In the meantime, when you pay a telephone bill, at the same time file a protest along with the payment. Then when the courts decide the wrong and the right of the controversy, if it is against the telephone company you can get your money back. If you pay the bill without a protest the difference of the overcharge will be forever lost to you. File your protest and do it each time until the courts have rendered their decision.

It appears to the casual observer that these transoceanic aeroplanes are mighty ticklish things to be engaged in such hazardous enterprises. It seems they must have a calm and resolute sea in order to make the proper landing and getaway, and they are not fond of wind and fog, two elements which are common over the ocean everywhere. But all these matters will probably be settled in good time, and they will be able to cross the ocean in the teeth of the strongest gale.

There will not be a great deal of difficulty in putting over the bond issue by the county for highways, but we predict that there will not be a great deal of enthusiasm shown by the electors in the matter of voting a state issue of \$40,000,000. This thing of voting bonds for the Highway Commission that has become so long on promises and short on execution, and that already has

practically squandered many millions of dollars is a matter which has been so flagrantly abused that the people are not going to stand it any longer. Contra Costa county can take care of its own highways and proposes to do so in a sane and intelligent manner.

There are a lot of people in the world who are continually looking after a joke on the other fellow, but are loth to accept one on themselves gracefully. Harmless joking is not a bad thing, but there are practical jokes that fall little short of criminality. These are the sort that the wise man or woman will fight shy of. Jokes that harm the property or feelings of somebody else are always bad. Avoid perpetrating them as you would avoid a pestilence.

THE TEST THAT TELLS

Is the Test of Time. Many Richmond People Have Made this Test. Years ago this Richmond citizen told in a public statement the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete, instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Richmond reader demand more convincing proof? It's Richmond testimony—it may be investigated.

Mrs. E. Klein, 1812 Nevin ave., says: "I felt weak and the least work completely wore me out. My kidneys didn't act right and I had frequent attacks of backache. Several boxes of Doan's Kidney Pills removed the trouble, and I regained my strength. I no longer felt languid or run down." (Statement given April 20, 1913.)

RELIES ON DOAN'S
 On May 31, 1913, Mrs. Klein said: "I still use Doan's Kidney Pills when I have need of a kidney medicine. They always give me fine results." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mrs. Klein had. Foster-McIlhenny Co., Mfgs., N. Y.—Adv.

How big is a leak?

Any water leak is too big to neglect.

You may put that dripping faucet out of your mind with the excuse, "It's too small to make a difference in my water bill. One dripping faucet costs 14 cents a month. Multiply 14 cents by the number of faucets in your house—quite a waste, isn't it?"

Take that leak not much larger than a pinhead. Your better judgment has told you many times to tighten up that connection—the little puddle of water is a silent urge to "do something about it"—but you let it go and then wonder why your water bills are big. Consult the chart—\$1.96 a month for a leak smaller than a pinhead!

Faulty bathroom plumbing is the source of the biggest waste. Toilet valves and ball-cocks wear out and allow the water to run through the tank incessantly—shower fixtures drip unnoticed—and the water meter works overtime.

DON'T WASTE WATER—it costs you money—besides, it is just as wrong to waste water as any other commodity.

ANITA STEWART IS PITTSBURG SAFE FILMSTAR SHOWING AT THE RICHMOND THEATRE TODAY

A story of mystery and romance will be presented at the Richmond Theatre today in "A Midnight Romance," second of the new Anita Stewart super productions made under the management of Louis B. Mayer, Boston film magnate.

The extremes of entertainment are accomplished in the opening scenes of a boatload of refugees from a foundered liner being landed on the American shore, and in the closing scenes of a grand ball and reception in honor of one of the refugees, who, throughout the production, is known as Marie, a hotel maid.

The story concerns her experiences as a servant employed by the Sea View Hotel. A peculiar phase of the production is that the audience has no more idea of her beyond that the members of the cast who succeed in involving her in a series of thrilling and mysterious experiences. The idea of the story for "A Midnight Romance" was suggested by Marion Orth and produced by Lois Weber.

MARTINEZ, May 29.—Frank Lederman, ex-convict and safe cracker who was captured in San Francisco on Tuesday by the police, together with a band of professional safe crackers, is the leader of the band that blew the safe of the Oakland and Antioch railroad company at Pittsburg several weeks ago, according to Under-sheriff W. M. Veale.

It is believed that Lederman was the leader of a band of crooks that have blown a number of safes in central California during the last few weeks and from an anonymous letter received by Under-sheriff Veale two weeks ago it was learned that the bandits were planning to blow the safe in the Rodeo Bank.

Veale believes that the fellow who wrote the letter to him was double crossed by Lederman and for that reason was giving him away, for in the letter he told that Lederman had been a convict and gave his number and description. The anonymous letter received by Veale was to the effect that the Rodeo bank was to be blown in about two weeks.

MANAGER CORNELL OF ORPHEUM LOOKING FOR NEW PLAYWRIGHT

Has Oakland or the East Bay section, another playwright like Richard Walton Tully, who started his career in Oakland and wrote "The Bird of Paradise," or Herbert Bashford, local author and successful playwright.

Harry E. Cornell, manager of the Oakland Orpheum, is looking for a playwright. Cornell wants an Oakland play to produce while the famous Baker players are in Oakland for their summer season. He wants a play written by an Oakland, Berkeley or Alameda author, one dealing with Oakland, Oakland people, Oakland events, if possible. It will be staged by the Baker players if accepted under the direction of Walter B. Gilbert, the noted director, who is coming here to produce the Orpheum summer plays, and the author will receive a large cash prize for his manuscript.

"I have started Oakland actors on the road to success," said Cornell. "I would like to find an Oakland playwright to be able to say I was responsible for the success of a Tully or a Bashford. The West has produced many of the biggest playwrights today: Tully, Bashford, Frank Bacon, Austin Strong, Salisbury Field, and others. I know Oakland has one, if I can find him. Any writer who has the idea for a local play will, I hope, come and see me about it; study the members of the cast, that the parts may fit their types, and, if he is successful we will start his play in his own city."

Cornell says that he will present the Oakland writer's play as soon as possible after it is accepted. He and Gilbert will personally pass on the manuscript.

To Whom It May Concern —
Dr. Wong Him,
1701 Webster St.,
Dear Sir —
I have been suffering with health for some time. I feel that I must write you a few lines to let you know how thankful I am for the benefit I received from your treatment. I have treated with several physicians for a complicated disease and my case was given up as hopeless. I was suffering from stomach, heart, liver, head and kidney trouble. When I called to see Dr. Wong Him I placed myself under his care and I consider my cure permanent. I can recommend Dr. Wong Him as an honest, upright man as well as a skillful physician. Hoping that these few lines may prove of value to those who are suffering and wishing to be cured, remain,

IF BACK HURTS

BEGIN ON SALTS

Flush your kidneys occasionally

if you eat meat

regularly

No man or woman who eats meat

regularly can make a mistake by

flushing the kidneys occasionally,

says a well-known authority. Meat

forms uric acid which clogs the kid-

ney pores so they sluggishly filter

or strain-only part of the waste and

poisons from the blood, then you

get sick. Nearly all rheumatism,

headaches, liver trouble, nervous-

ness, constipation, dizziness, sleep-

lessness, bladder disorders come

from sluggish kidneys.

The moment you feel a dull ache

in the kidneys or your back hurts,

or if the urine is cloudy, offensive,

full of sediment, irregular of pas-

sage or attended by a sensation of

burning, get about four ounces of

Jad Salts from any reliable phar-

macy and take a tablespoonful in

glass of water before breakfast for

a few days and your kidneys will

then act fine. This famous salts is

made from the acid of grapes and

lemon juice, combined with lithia

and has been used for generations

to flush clogged kidneys and stimu-

late them to activity, also to neu-

tralize the acids in urine so it no

longer causes irritation, thus ending

bladder disorders.

Jad Salts is inexpensive and can-

not injure, makes a delightful offer-

pleasant lithia-water drink which all

regular meat-eaters should take now

and then to keep the kidneys clean

and the blood pure, thereby avoid-

ing serious kidney complications.

U. S. SOLDIERS ARE SLAIN IN EXPLOSION AT COBLENTZ

LONDON, May 29.—As a result of a fire in a building occupied by American troops in the Coblenz district and the explosion of a munitions dump yesterday, eighty men are missing, according to a Cologne dispatch to the Exchange Telegraph Company.

A later dispatch from Cologne says that the fire and explosion occurred near the frontier of the Bavarian Palatinate, which is in the French area of Occupation.

REVEREND IRONS IS HOME FROM LOS GATOS

Rev. C. E. Irons and wife of the Wesley Methodist Church, returned home last night from a trip to Los Gatos, where they have been looking after their property interests. They had an enjoyable trip and declare they never saw the country when it looked better than at the present time.

Fruit trees throughout the Santa Clara Valley are loaded with luscious fruit, and the yield and quality promise to be larger and better than ever before in the history of the country. Prunes, apricots and all other kinds of fruits are bringing top prices this year, and the fruit grower as well as the farmer will be made wealthy this year.

MAN'S BODY IS FOUND IN FIRE RUINS AT MARE ISLAND YARDS

MARE ISLAND, May 29.—The body of a man burned beyond the possibility of recognition, was found this morning in the ruins of one of the two barracks buildings destroyed by fire in a spectacular blaze of unknown origin here last night.

A check of the naval and Marine Corps forces stationed here is being made in an effort to establish the identity of the dead man. No one has been reported missing since the fire.

The property loss caused by the fire is estimated at \$75,000. The fire was discovered in the applicants' building, occupied by recruits, just after 11 o'clock last night, and raged until after midnight.

Fire fighting facilities at Mare Island could not cope with the blaze, and apparatus could not be brought from Vallejo because there was no steam up on the ferry. For a time the post exchange building, new barracks, naval hospital and radio station were believed threatened.

STREETER GIVES FREE AEROPLANE RIDES SUNDAY

C. L. Streeter, the man who is continually advertising himself in the Record-Herald as "The Home Furnisher," believes in letting his light shine. Last Sunday he made a trip in the big Curtiss aeroplane and while he was on his flight over the city he distributed several thousand cards and circulars.

Next Sunday, between 12 and 1 o'clock, he is going to repeat the stunt, with the addition with each one hundred bills thrown overboard from the plane there will be one bill containing a coupon entitling the finder to a free ride in the aeroplane at Streeter's expense. There will be several of these coupons thrown out, and it is expected that they will all be recovered by persons who will be interested in seeing Richmond from a mile elevation.

Y. M. C. WILL HOLD ANNUAL MEMORIAL MASS.

"Proven Entirely Satisfactory"

Only perfect satisfaction can account for the use of ZEROLENE by the majority of automobile owners.

Leading coast distributors also testify that it is "a most satisfactory motor oil."

They know from the records of their service departments—and we know from exhaustive tests—that ZEROLENE, correctly refined from selected California asphalt-base crude, gives perfect lubrication with least carbon deposit. Get our lubrication chart showing the correct consistency for your car.
